PopGrip - Wood

It just keeps getting better! Introducing the PopGrip - Wood! Available in Bamboo and Rosewood, the unique wood finish lends perfectly to a classic laser engraving. A PopGrip sticks flat to the back of your phone, tablet or case with its rinsable, repositionable gel. Once extended, a PopGrip becomes a media stand for your device, a photo or texting grip, or lower it for a video chat. The back of anyone's phone is prime real estate for any promotion, and the best part is that a PopGrip can be used on almost any brand of phone or phone case. *For best results, use in conjunction with a phone case. The PopGrip's gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases and textured materials, like leather.

PopGrip For MagSafe

The PopGrip For MagSafe securely attaches to your MagSafe-compatible case for maximum grip and stand utility, while simply sliding off (when you want it to) for Qi wireless charging. Like a classic PopGrip it sticks flat to the back of your phone. Once extended it becomes a media stand and grip, making it easier to text with one hand, snap photos, or watch videos hands-free. *Can only be used in conjunction with a MagSafe-compatible phone case or device.

Transparent Die Cut Sticker – 3” W

Clear vinyl stickers are a go-to for minimalist designs that'll have a big impact. Clear vinyl stickers showcase not only your terrific logos but, your wonderful products as well. They always go on smooth, and can even print logos or designs in white ink for a uniquely bold vinyl sticker. If the product you're packaging is visually appealing (ie. natural juices or other artisanal foods), clear vinyl will allow you not only to showcase your important branding and product information, but also lets your potential customers view the product inside.
